

View Server Licenses

Server administrators can view the license and product key information for [Tableau Server].

Viewing licenses from the [Tableau Server] web UI

How you navigate to the Licenses page in [Tableau Server] depends on whether you have a single site, or multiple sites.

- On a server with a single site, click [Settings] and [Licenses]:
- On a multi-site server, click [Manage all sites] on the site menu, [Settings], and [Licenses]:

Note: The [Manage all sites] option only displays when you are signed in as a server administrator.

This page displays information for any licenses that have been activated on your server, including any user-based (term) or core-based licenses.

- [Use the TSM web interface](#){#use-the-tsm-web-interface .tabs__tab-link .is-active}
- [Use the TSM CLI](#){#use-the-tsm-cli .tabs__tab-link}

1. Open TSM in a browser:

`http://<tsm-computer-name>:8850`

2. Click **Configuration** , and then click [Licensing]:

The table displays the product key, expiration date, and expiration of maintenance.

Note: The TSM Web UI provides a limited amount of licensing information. Use the TSM CLI or the Tableau Server Web UI to see additional licensing information, including the number of each type of user-based license (Creator, Explorer and Viewer).
